

Getting to Kiel / to University

To Kiel via Hamburg Airport

You will find the shuttle '**Kielius**' (green and yellow bus; <http://www.bahn.de/autokraft/view/angebot/kielius/en-kielius-ueb.shtml>) just in front of the exit of Terminal 1. You can buy the ticket directly on the bus (the roundtrip ticket is cheaper than two one-way tickets; for time table and prices see attachment 2). In case you plan to take a taxi at your arrival in Kiel (from Kiel central bus station to the hotel), you have the possibility to ask for a **Kombi ticket** (bus + taxi) directly to the Kielius bus driver. In case you choose to go to your hotel by bus: The Kielius stops at Auguste-Viktoria-Straße (see map below). To get to the central bus station, follow Auguste-Viktoria Straße to the left until you are in front of the central train station (1 minute). Then, turn right into Raiffeisenstraße until you are in Sophienblatt (1/2 minute). There you can find the bus stops on your left hand side (for a map of the central bus station, see attachment 5; for a routemap of Kiel busses see attachment 4).

Another possibility to get from the airport to Kiel is to take the **Kiel Exx**. This is a smaller vehicle that picks you up at Hamburg airport and brings you directly to your hotel in Kiel. If you choose this solution please remember that you have to book the service in advance (+49 431 77080; for prices and time table see attachment 3).

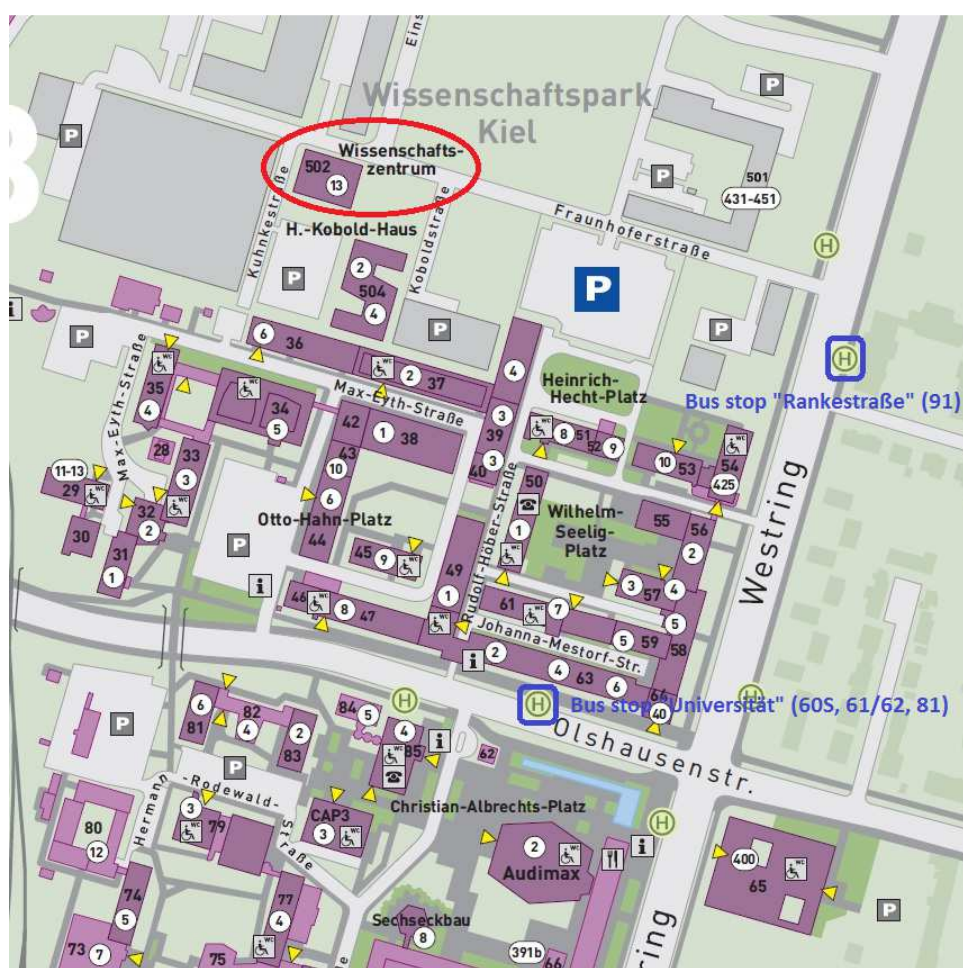

Via Train

You can find a taxi directly in front of the main entrance of the train station. If you prefer to take the bus, in order to find the bus stops, take the exit on the left side of the train station coming from the trains (for a map of the central bus station, see attachment 5; for a routemap of Kiel busses see attachment 4).

From Kiel central bus/train station to University

To get to the conference venue (Wissenschaftszentrum Kiel, Fraunhoferstr. 13, 24118 Kiel) which is part of Kiel University's Campus, you can either go by taxi or by bus. We recommend going by bus which is convenient and reliable. From the bus stop, you will walk 500 m to Wissenschaftszentrum (see map below, for a map of the whole campus see attachment 6). From Kiel central bus station, you may choose the following busses (timetables see attachment 7):

Bus stop at central station (map see att. 5)	Bus number	Direction/Terminus	Frequency	Your stop
A2	60S	Botanischer Garten	every 30/60 min.	Universität
B2	61/62	Projensdorf or Suchsdorf	every 10-15 min.	Universität
D1	81	Botanischer Garten	every 15 min.	Universität
B1	91	Holtenau/Friedrichsort	every 30 min.	Rankestraße

To University by car/via motorway

Follow the A7 Hamburg-Flensburg to the motorway intersection at Bordesholm. There, take the A215 in the direction of Kiel. At the exit Kiel-Mitte, turn right to take the B76 in the direction of Eckernförde/Olympiazentrum. Leave the B76 at the exit Wissenschaftspark/Universität and turn right into Westring. The Wissenschaftspark is 700 m further on on the right hand side, to get to the Wissenschaftszentrum turn right into Fraunhoferstraße (for a directions sketch see attachment 8).
